No L 7195/D 30-12-48
Calls for certain information

The institution has been spending thousands of rupees in giving medical relief to the area if otherwise the Council had to spend a heavy amount for the maintenance of such a big institution in this locality The previous grant of Rs 50/- was sanctioned long back and the Council have enhanced the grant to Rs 100/- permanently as a gesture of their appreciation of the good work This is only a token grant compared with the large amount of money spent and the humanatirian services that are being rendered by the institution The amount involved is very small and does not affect very much the finances of the Municipality I therefore request that sanction of Government may kindly be accorded for the enhancement of the grant from 1-7-1948 from Rs 50/- to Rs 100/- per month

In the middle of 1947 the Municipality very kindly made a grant to the hospital of Rs 50 P M This grant and the token of your appreciation we value, particularly as it is the first made to us I wondering as your budget session now opens whether it would be possible for you to increase this grant I have already sent you a copy of the report but enclose another with this request There is no need for me to point out the increased cost of living and as is pointed out in the report the cost of running the hospital has almost doubled in two years

It will be a great help to us if it is possible to increase this grant
